

## A Health Plan Without The Headaches

### Receive Cash Benefits up to Rs. 20 lacs a year

- No bills required - Daily cash benefit for each day of hospitalisation
- Additional cash benefit for admission in ICU
- Additional lump sum benefit for surgery
- Lump sum convalescence benefit for long stay

## Don't say "It won't happen to me!"

Every year, millions of adults in India are admitted to hospitals due to illness or injury. Even if you think it won't happen to you, there is unfortunately a very real chance that it will.

The costs involved in even the shortest hospital stay can be difficult to meet for many individuals and families. On top of the costs of the treatment itself, household bills still need to be paid and there could be extra costs to cover, such as travel expenses for family visits and additional childcare costs.

That's why IDBI Federal Life Insurance Co. Ltd. developed the IDBI Federal Healthsurance Hospitalisation and Surgical Plan. If you're aged 18 years to 55 years and currently in good health, this new insurance plan is designed to help you manage the extra financial burden that comes with hospitalisation, by providing a wide range of attractive benefits:

- **Daily hospital cash benefit paid for each day (24 hours) spent in an eligible hospital (from day 2 onwards): Rs. 500, Rs. 1,000, Rs. 1,500 or Rs. 2,000 depending on your choice of benefit level.**
- **Higher daily hospital cash benefits of Rs 3,000 and Rs. 4,000 available, subject to suitable proof of income.**
- **Additional daily benefit equal to the daily hospital cash benefit, from day 2 onwards for hospitalisation in an Intensive Care Unit, (up to an overall maximum daily benefit of Rs. 5,000).**
- **Additional lump sum surgery benefit paid if you undergo any of the wide range of surgical procedures specified in this brochure: either 50 or 100 times your chosen daily benefit, depending on the severity of the surgery.**

- **Three times your daily hospital cash benefit paid as a lump sum convalescence benefit (maximum once per year) if your hospital stay is at least 168 continuous hours (at least 7 consecutive days).**
- **Generous total benefit limits. Up to 500 times your daily hospital cash benefit each year; up to 2,000 times your daily hospital cash benefit over the lifetime of your policy.**
- **Cover lasts until you are aged 65 years, provided you continue to pay your premiums in the agreed manner and as long as your lifetime benefits limit (2,000 times your daily hospital cash benefit) has not been reached.**
- **Your choice of nominee, to whom any outstanding benefits will be paid, in the event of the death of the insured person.**
- **Low-cost monthly premiums that depend on your age at the outset (please see table). Your premium will never increase because of any changes in your age, health, or the number of claims you make. However, IDBI Federal Life Insurance Co. Ltd. does reserve the right (subject to IRDA approval) to increase premiums in the future across all its specified plans.**

**Note:** In this plan, "hospitalisation" means any admission in hospital upon the written advice of a medical practitioner for the purpose of necessary medical treatment of an illness or injury and resulting in an overnight stay.

Cover under this policy lasts for as long as you pay your premiums in the agreed manner. We allow a grace period of 15 days from the premium

due date for the payment of monthly premiums and 30 days for annual premiums. If you do not pay any premiums due within this grace period, the policy will lapse and your cover will cease.

We allow a grace period of 15 days from the premium due date for the payment of monthly premiums and 30 days for the payment of annual premiums. Should an otherwise valid claim arise under the policy during the grace period, but before payment of the due premium, we will still admit the claim. In the event of such a claim, we will deduct any premiums due from the benefits payable. If you do not pay any premium due within the grace period, this policy will lapse and our obligations will cease.

## Reinstatement of your policy

You may reinstate your policy at any time up to one year after the end of the grace period, subject to satisfying our usual medical underwriting conditions at the time and subject to a new waiting period starting on the date of reinstatement. In the event of reinstatement, your premiums will be set at the level payable, as determined by us from time to time, for your age at the commencement date, regardless of your age at reinstatement.

If, at the time of the claim, you are working in one of the excluded occupations (see above) we will also ask for proof that you were not working in an excluded occupation at the time of application.

the time of making it that the statement was false or that it suppressed facts which it was material to disclose:  
Provided that nothing in this section shall prevent the insurer from calling for proof of age at any time if he is entitled to do so, and no policy shall be deemed to be called in question merely because the terms of the policy are adjusted on subsequent proof that the age of the life insured was incorrectly stated in the proposal.”
