Aggressive Asset Allocator Fund					%	%
Moderate Asset Allocator Fund					%	%
Cautious Asset Allocator Fund					%	%
Midcap Fund					%	%
Pure Fund					%	%
TOTAL						

INSTRUCTIONS

FUND SWITCH:

- This allows you to rebalance your investments as per your risk profile and needs. This will not, however, redirect your future regular premiums automatically.
- To effect the switch, the required number of units will be withdrawn from one fund at the applicable unit value of that fund, and new units will be created in the desired fund (s) applicable unit value.
- As per the IRDAI guidelines, the cut off timings for NAV application in respect of allocation and redemption of units is 3pm. This implies that if the application for switch is received up to 3pm on a weekday (Monday to Friday)except holiday, the same day's unit value will be applicable. However, if the application for switch is received after 3pm on a weekday then the next working days's unit value will be applicable (when the applicable day is not a valuation day, NAV of the next immediate valuation day will be considered).
- In case of request for Guaranteed Return Fund and Dynamic Guaranteed Fund, Fund code is mandatory

PREMIUM REDIRECTION:

- This allows you to redirect your future regular premiums into a dirrerent allocation pattern than your current allocation pattern as per your risk profile and needs. This will not, however, rebalance your current investments.
- Allocation of future premium would be effective from next premium paid or due date, whichever is later.
- Please ensure that the renewal premium allocation totals to 100%
- Please note that in case your Policy has been assigned, the Switch/Premium Redirection request whould be accepted only if the consent from the Assignee of the Policy is received.
- Direction or redirection to any fund must be at least 15% of premium.
- In case of request for Guaranteed Return Fund and Dynamic Guaranteed Fund, Fund code is mandatory
