At the end of the chosen period, you will receive a guaranteed maturity amount. In case of death before the maturity date, a Death Benefit which is also guaranteed will be paid. Thus you can get life insurance cover while earning an assured return on your investment.

1 Guaranteed Maturity Amount gives you an assured return

Choose your Maturity Benefit and Maturity Period. And pay a single premium.

Bondsurance gives you guaranteed returns. You have to choose (a) the Maturity Benefit, and (b) the Maturity Period. Based on your choice, the investment you have to make by way of single premium is determined.

Maturity Benefit. You can choose any amount as the Maturity Benefit. The amount you choose is guaranteed and will be paid to you on the maturity date.

Maturity Period. You can choose the Maturity Period, which can be either 5 or 10 years. The Maturity Period is the policy term of your Bondsurance Plan.

Single Premium Amount. You have to make a one-time investment by way of a single premium. The single premium amount is based on your choice of Maturity Benefit, Maturity Period and the age of the Insured Person in completed years as on the date of application, as per the Premium Table below. Minimum single premium payable is Rs 20,000. There is no maximum limit.

| PREMIUM TABLE | | |
|---|--|-----------------------------|
| Age of Insured Person (in completed years) | Premium per Rs 1,000 of Maturity Benefit | |
| | Maturity Period 5 years | Maturity Period 10 years |
| 8-32 | Rs 712.10 | Rs 487.16 |
| 33-37 | Rs 716.69 | Rs 494.45 |
| 38-42 | Rs 726.75 | Rs 509.38 |

| 53-55 | Rs 858.60 | Not Available |

The above premiums are exclusive of service tax and education cess, which are payable in addition. Premiums may be revised, based on market conditions.

Discount on Single Premium Amount. If you choose a Maturity Benefit of Rs 1,50,000 or higher, you will also get a discount on the single premium amount as per the Discount Table below. The discount will reduce the single premium payable and increase your effective return.

| DISCOUNT TABLE | | |
|-------------------------------|--|---|
| Maturity Benefit | Discount for 5-year Maturity Period | Discount for 10-year Maturity Period |
| Rs 1,50,000 to Rs 3,99,999 | 2% | 3.5% |
| Rs 4,00,000 to Rs 9,99,999 | 2.5% | 4.5% |
| Rs 10,00,000 and above | 3% | 5.25% |

Discount rate applies on the premium as per the Premium Table. Service tax and education cess are payable on the single premium amount after discount.

(b) You would like to receive Rs 10 lakhs as Maturity Benefit after 10 years and you are 30 years old. 2 Life Insurance Cover provides protection

Ensure financial security of the family in the case of unfortunate death.

Besides giving assured returns, Bondsurance also provides a life insurance cover. While the emotional loss of death can never be made up, the life insurance cover ensures that the financial security of loved ones is taken care of.

Death Benefit. In the unfortunate event of death of the Insured Person before the maturity date, a Death Benefit equal to five times the single premium amount will be paid. The Death Benefit (which is the Sum Insured) is guaranteed. The Plan will terminate upon the payment of Death Benefit.

Insured Person. You can take the policy on yourself or any other person in whom you have insurable interest. The person on whom you take the policy is the Insured Person. If you take the policy on yourself, the Death Benefit will be paid to your nominee in the unfortunate event of your death. If you take the policy on another person, you as the owner of the policy will receive the Death Benefit if the Insured Person dies before the maturity date. You will also receive the Maturity Benefit on the maturity date if the Insured Person survives (except in the case of a minor as given below).

Minor as Insured Person. You can also take the policy on a minor as the Insured Person. In the case of a minor, the Bondsurance Plan will vest in the minor upon attaining majority. In that event, the Maturity Benefit will be paid to the minor who has attained majority.

Exclusions. If the Insured Person, whether sane or insane, commits suicide within 12 months from the commencement of the plan, only the single premium amount will be refunded. If the Insured Person is a minor, life cover will commence after two years from plan commencement or upon attaining majority, whichever is earlier. In case of death during that period, only the single premium amount will be refunded.

3 Tax Benefits incentivise you to get protection with assured returns

For premiums paid. Under Section 80C of the Income Tax Act, 1961, the premiums you pay towards your policy are eligible for deduction from your income to the extent of 10% of the actual capital sum assured*, subject to a limit of Rs. 1,00,000 per year specified under the section (along with other eligible investments).

For benefits received. Under Section 10(10D) of the Income Tax Act, 1961, the death benefit payable under your policy will qualify for tax exemption. However, the other benefits you will receive under your policy will be subject to tax.

You are advised to consult your tax advisor for details. Please note that tax laws may change from time to time, and tax benefits applicable will be as per prevailing tax laws.

*Actual Capital Sum Assured: It is the minimum amount assured under the policy on death at any time during the term of the policy, not taking into account the value of any premium agreed to be returned or any benefit by way of bonus or otherwise which is to be received by any person under the policy over and above the sum actually assured.
